

Lokmangal Science and entrepreneurship college Wadala

REPORT ON INDUSTRIAL VISIT TO KOTHARI PIPE LTD

Industrial visits are usually the first point of interaction between a student and a live working industry. The students learn about the latest technology trend and make up their minds about their future job or area of interest. Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies. With this intent industrial visit was organised for the Students of All departments.
