### **Schemes/Courses for ITI pass outs**

- 1. Apprenticeship Training Scheme :** After completing ITI, tradesmen can undergo Apprenticeship training in different industries. The Scheme is implemented by Directorate General of Training under Ministry of Skill Development and Entrepreneurship with the objective that Training imparted in Institutions alone is not sufficient for acquisition of skills and needs to be supplemented by training in the actual work place. Duration for Apprenticeship training is generally one year for those appeared in ITI final exam, i.e. AITT. For freshers usually it takes three years. During the training trainees are paid stipend on monthly basis.
- 2. Lateral Entry to Polytechnic Diploma Engineering :** Polytechnics approved by AICTE offer engineering courses for 3 years duration through an entrance exam known with different name in different states (JEXPO in West Bengal, JEEP in Uttarakhand, JEECUP in Uttar Pradesh, CG PPT in Chandigarh etc.). And After the completion of the course candidates are awarded with diploma in different disciplines. Those who have passed minimum 2 years ITI course with National Trade Certificate are given an opportunity to go for a lateral entry directly to the 2nd year of the Polytechnic diploma course. Entrance exam known as VOCLET is conducted every year for this purpose along with the JEXPO.
